STANDARD OIL GETS A BODY BLOW WHEN PAYNE MOVES THAT OIL GO ON THE FREE LIST

BEGIN VOTING ON TARIFF AT 3 P. M.

HAVE SEPARATE VOTES ON VAR-
IOUS SCHEDULES

SOME FIGHTS ARE POSSIBLE

Insurgents Won Some Points in Com-
mittee and May Do More on
the Floor

WASHINGTON, D. C., April 9.—
Shortly after the committee of the
whole had reported this afternoon,
the house in regular session adopted
all amendments to the Payne bill
made by the committee except those
affecting commodities mentioned in
special rule of last Monday.

Speaker Cannon then asked on
what schedules the house wished to
have a special vote. He was told by
various members: "Lumber, hides,
oil, barley and barley malt."

No special vote being asked for on
tea and coffee, the house agreed to
the amendments placing them on the
free list.

The committee of the whole then
on a viva voce vote agreed to the
Payne bill as amended and Speaker
Cannon resumed the gavel as the
house went into regular session.

Speaker Cannon decided that pre-
cedence should be given to a motion
by Tawney to strike out section 196
of the Payne bill.

This would have the effect of
placing on the free list heavy timber
on which the Payne tariff was one-
half of one cent per cubic foot.

Tawney's motion was lost by a
vote of ayes 184, nays 198.

WASHINGTON, D. C., April 9.—
On motion of Chairman Payne, the
house in committee of the whole
this afternoon placed petroleum and
its products on the free list. An
amendment adopted on Wednesday
had reduced it to 1 per cent ad val-
orem.

A lot of interest was displayed by
members in the petitions from Chi-
cago asking that a reduction be made
in the higher duties on gloves and
hosiery imposed by the Payne bill.

Foss (R., Ill.) opened the pro-
ceedings by asking for permission to
submit the petitions to the open
house. The rule in the house is to
place petitions and protests in the
hands of the clerk and they are
placed in the record without being
called publicly to the attention of
the members. Foss thought that
the Chicago demonstration was en-
titled to special consideration and
he asked for unanimous consent to
tell the house about it.

Morse (R., Pa.) said he would ob-
ject unless he was given time to pre-
sent statistics on the other side of
the case.

"We have only three hours in
which to perfect this bill," said
Mann (R., Ill.). "I object."

Other members also objected and
so the petitions remained before the
house informally.

Petroleum on Free List.

Chairman Payne, of the ways and
means committee, then proposed that
petroleum and its products be placed
on the free list.

As Payne has favored a heavy
duty on oil, his proposal aroused the
doubts of the democrats and they
made him a target for a running fire
of questions. Payne explained that
the sentiment of the house seemed
to be for free oil and he thought it
better to have it so than to let the
duty of one percent voted by the
committee of the whole the other
day stand in the bill.

"This settles it," said Champ
Clark.

"As far as the committee of the
whole is concerned," said Payne.
"As far as the house is concerned,
too, is it not?" asked Clark.

"I hope so," responded Payne.

At this there was loud applause.

So, by unanimous consent petroleum
and products were placed on the free
list.

Another Shot at Oil.

Another shot was taken at oil
today. The ways and means commit-
tee had printed in the record a list
of articles on which the maximum
tariff should be imposed in tariff
wars with other countries. At a
meeting of the committee today it
was decided to recommend that oil
be stricken from the list. Payne
brought up this matter in committee
of the whole and the proposition was
adopted unanimously. The effect of
this, if enacted into law, would be
that no tariff could be placed on oil
even in retaliation to hostile duties
levied on America by other countries.

LA FOLLETTE'S IS ONTO TARIFF DEAL OF "BOSS" ALDRICH

MAGAZINE SCORES CZAR FOR
FRAME-UP BILL

ALL BEHIND CLOSED DOORS

Just Aldrich and the Interests Are
Drawing Secret Bill for the
American People

MADISON, Wis., April 9.—"The
'boss' and his 'associates,'" is the
title of an attack on United States
Senator Aldrich and his attitude to-
wards tariff legislation in this week's
number of La Follette's weekly ma-
gazine to be issued tomorrow. The
article declares that the "real tariff
bill" is not the one being discussed
in the house but the one that is being
worked out by Aldrich in the senate.
The article continues:

"Judging by the manner of its
making, the Aldrich tariff bill will
be a worse bill and a bigger bill for
the 'ultimate consumer' than even
the Payne bill which the house is to
be forced to swallow merely as a
preliminary dose of tariff revision
by the 'system.'"

How Schedules Are Made.
"This real tariff bill is being
wrought out behind the closed ma-
hogany doors of 'Boss' Aldrich's
sumptuous committee room. It is
being done practically in secret by
the 'boss' and his 'associates.' They
have the assistance of some officials
from the customs office in New York.
Also they have the 'assistance' of the
lobbyists of such special interests as
are favored by the 'boss' and his
'associates' with an invitation to
come to this committee room and
tell what they want in the tariff."

Just Like It: Only Different.
"No, gentle reader, these are not
public hearings, such as were held
in the house committee on ways and
means."

"It is clear from remarks of
'Boss' Aldrich as they stand in the
printed page of the record that what
is said and done behind those big,
dark doors is not for us, the public,
to know. What transpires is strictly
between the 'boss' and his 'associ-
ates' and representatives of the
interests who appear and hold these
'private conversations.'"

"Of course he (Aldrich) is shocked
at the suggestion that the minor-
ity members be allowed to be present
and to determine for themselves
what would be valuable to them."

"You see this proceeding is a series of
private conversations, just as you
might have with your neighbor upon
the tariff—only different."

PANIC AND DEATH IN POWDER EXPLOSION

WAYNE, N. J., April 9.—One man
is dead, four others are very badly
hurt and \$50,000 damage was done
by an explosion that today wrecked
the black powder mills of the E. I.
Dupont company here.

Nearly every house in Wayne was
more or less wrecked and the force
of the explosion was so great that
hundreds of panes of glass were
smashed in Patterson, five miles
away.

'FRISCO FIRE-SWEPT.

SAN FRANCISCO, Cal., April 9.—

Fire which started this morning in
the big Standard Oil works at Point
Richmond across the bay spread so
rapidly that at noon the entire plant
seemed doomed. Seven workmen
have been taken from the shops over-
come by fumes and several are be-
lieved to be fatally injured.

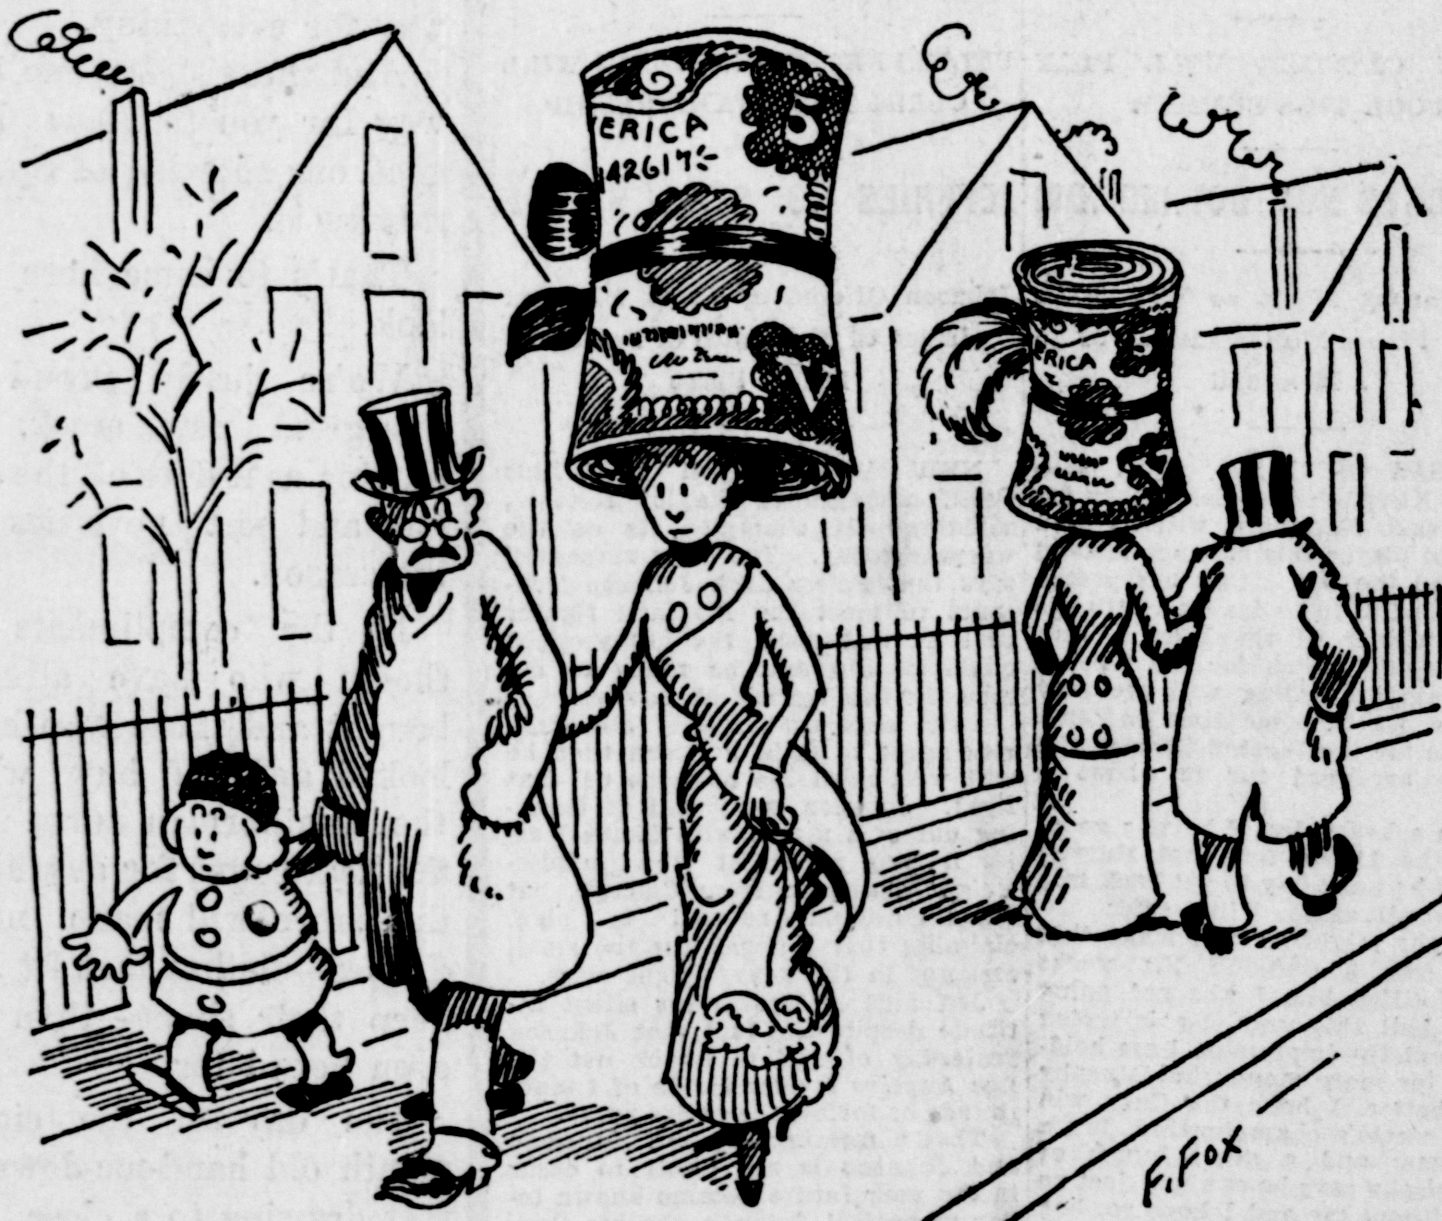

There were several violent explo-
sions during the progress of the fire,
the heaviest coming at 10:15 a. m.
and shaking Alameda county like an
earthquake.

ALL WATCHING PATTEN

CHICAGO, April 9.—Though the
board of trade was closed today on
account of Good Friday, nearly all
the brokers were in their offices ear-
ly preparing for tomorrow's brief
session in the wheat pit and endeavor-
ing to forecast what James A. Pat-
ten's next move will be.

The opinion was expressed by some
on the curb that the climax of the
present bull campaign has been
reached, but the price of wheat will
follow. Patten said he is as bullish
as ever on July wheat.

TRACES FORTUNE OF ROCKEFEL-
LER IN STANDARD STOCKS

READY FOR APPEAL OF CASE

Decision Expected in June and Will
Go Up to Supreme Court Imme-
diately

ST. LOUIS, Mo., April 9.—The
government today met the claim of
the Standard Oil company that it
has been owned by one group of men
continuously by filing a list of 3,300
shareholders of the corporation's
stock. These stockholders are scat-
tered throughout the country. The
larger interests are held by the sev-
en men known as the Standard
group, but many others have hold-
ings varying from ten to five hun-
dred shares each at a market value,
based on New York's closing quotat-
ions yesterday, of \$666.

The largest holdings are by the
Rockefellers, John D. and Wm., who
have, respectively, 247,690 and 11-
700 shares; H. M. Flagler, 30,000;
H. H. Rogers, 16,200; and John D.
Archbold, 6,000. Four women in the
Harriman family own 480 shares, "a
mere trifle of about \$400,000, just
enough to establish a community of
interests."

John D. Rockefeller, Jr., of bible
class fame, has a modest holding of
120 shares, or the inconsequential
sum of \$100,000.

Pays 24 Per Cent.

The stock pays a vote of 112 to 28 late
annum. This stock is a small part
of John D. Rockefeller's wealth in
stocks that have grown out of the
original investment. It represents
only that which he holds in the New
Jersey corporation.

STRIKE RIOTS END IN A DEATH TODAY

CHICAGO, April 9.—Another riot
in which one man was probably fatal-
ly stabbed and another severely in-
jured marked the progress of the
numerous small strikes in Chicago
today. The riot followed a meeting
of workmen and 30 persons partic-
ipated in it. F. C. Gegenbach,
walking delegate of the Cement Fin-
ishers' Union, received knife wounds
in the side and back.

KILL HUGHES' BILL.

ALBANY, N. Y., April 8.—The as-
sembly by a vote of 112 to 28 late
yesterday afternoon following a de-
bate that lasted nearly all day kill-
ed the bill advocated by Governor
Hughes providing for a direct sys-
tem of primaries in New York state.

GEORGIA SAMPSON MUST DEFEND SELF

COURT DECLINES TO TAKE CASE
FROM THE JURY

ACQUITTAL SEEMS CERTAIN

Woman Pleads to Take the Stand
After State Fails to Make Out
Serious Case

LYONS, N. Y., April 9.—The de-
fense in the Sampson murder trial
rested its case immediately at the
opening of the afternoon session at
2 o'clock.

LYONS, N. Y., April 9.—Judge
Rich has decided that the jury must
pass upon the guilt or innocence of
Georgia Allyn Sampson and has dis-
missed the motion of the defense to
dismiss the indictment on the state's
evidence. The defense will be brief.

Woman is Affected

Attorney Hamm moved for an in-
struction by the court to the jury to
acquit on the ground that the state
has failed to prove that a crime was
committed.

Judge Rich said:
"It appears to me plainly to be my
duty to give the case to the jury on
the testimony already submitted. I
therefore dismiss the motion."

Attorney Tinkler then began
the opening of the defense. The de-
nial of Hamm's motion effected Geo-
rgia Sampson strongly. She shivered
as she leaned forward to catch the
low spoken words of Judge Rich.
Albert E. Hopkins, a Palmyra
photographer, the first witness for
the defense, identified pictures of
the Allyn farmhouse. Hopkins was
not cross examined and Frank S.
Allyn, brother of the defendant, fol-
lowed.

She Wants to Testify

Georgia wants to take the stand in
her own defense and if she is not
permitted by her counsel, she may
make a voluntary statement after she
is set free. The young widow on trial
for murder of her husband, lost all
control of herself today and tearfully
begged and pleaded with her lawyer,
Assemblyman Hamm, to be permitted
to tell how her husband died.

FUNERAL OF MISS OLSON AT BLAIR

Miss Annie Otena Olson, sister of
Mrs. Sivert Amundson, of 518 Mis-
sissippi street, died Wednesday noon
of heart disease. She was 40 years
age. The body was shipped to Blair,
Wis., yesterday morning and the fun-
eral took place this afternoon from
the residence of her parents in Blair.
Mrs. Theo. Mannstedt was in charge.

WOMAN'S WILES THREATEN FARM

LEROY BELL AGAIN UNDER IN-
FLUENCE OF "GRACE"

WANTS TO GIVE HER HIS FARM

Son-in-Law of Aged Galesville Farm-
er Wants Permanent Guardian
to Prevent Transfer

Once more a woman's wiles are re-
sponsible for what promises to be
the second downfall of Leroy Bell,
the aged Galesville farmer who gain-
ed some notoriety here recently by
deeding his \$10,000 farm to Grace
Carney, alias Grace Baldwin. The
son-in-law of Bell and other relatives
are so frightened that they have filed
application in Trempealeau county
court for the appointment of a per-
manent guardian to take charge of
the old fellow's affairs. The case
comes up Tuesday, Attorney Frank
Winter of this city representing the
relatives of Bell.

Mr. Bell met the Carney woman in
Winona. She left there and came to
La Crosse, where she "rolled in
wealth" showered upon her by her
aged fancier. He at last deeded his
last bit of property, a \$10,000 farm,
but relatives intervened and At-
torney A. E. Bleckman secured the ap-
pointment of Attorney Frank Winter
as guardian ad litem. The property
was restored to Bell, but this guar-
dianship expired as soon as that case
was finished. The woman left here
and went back to Winona, where she
again cast her spell upon the aged
lover and relatives again are inter-
fering to prevent her getting his en-
tire fortune. Attorneys for Bell in
the former case alleged he was suf-
fering from paresis and was so old
he was mentally unsound. He is gray
and more than 60 years of age.

MINERS' LOCK-OUT SEEMS INEVITABLE

PHILADELPHIA, April 9.—
After a conference of a little
more than an hour, the meeting
between the executive commit-
tee of the United Mine Workers
and the operators adjourned
finally shortly before noon,
without reaching any agreement.
This, in the opinion of those
who have followed the coal cri-
sis, means that a lockout would
be ordered by the operators
throughout the anthracite coal
regions, commencing on Tues-
day, when work is scheduled to
be resumed following the Easter
holidays.

TEDDY AT PORT SAID.

Bulletin by Warrington Dawson,
Staff Correspondent of the United
Press, aboard the Admiral, Port Said,
April 9.—The steamer Admiral, with
Col. Theodore Roosevelt and his son
Kermit and the Smithsonian Insti-
tute party aboard, arrived here at 6
o'clock this evening. The trip from
Messina was comparatively unevent-
ful. Roosevelt seemed to enjoy every
minute of the time. All members of
the party are in good health.

TOM MORRIS ON STAND AND EXPLAINS ABOUT THAT \$25-- GOVERNOR SWEARS TOMORROW

BUSINESSMEN IN A GREAT MEETING ARE FOR PROGRESS

ANNUAL GATHERING BUSINESS
AND SOCIAL SUCCESS

PLAN ADVANCE FOR 1909-10

Past is Reviewed, Benefits Measured
and Future Marked for Pro-
gressive Work

A progressive year in merchandis-
ing from April 1, 1909, to April 1,
1910.

Systematic reaching out for new
business by entering new territory
and making La Crosse a better mar-
ket.

A stronger organization promoted
by vigorous but pacific methods.
Monthly meetings of members to
discuss matters of common interest
to La Crosse merchants.

Above are the things that La
Crosse Businessmen's association de-
termined upon at their annual meet-
ing last night, and the earnest tone
of the meeting indicates that the
members are prepared to go into the
year's work with energy and system
calculated to insure success.

The smoker last night was evi-
dence of the sincerity of the mer-
chants in their plan to promote har-
monious co-operation for work along
progressive lines. The members in-
gured until midnight, and the happy
character of the social side of the
meeting indicates a good will and en-
thusiasm certain to result in a more
intimate business association.

Elect Directors.
President Adam Kroner called the
business meeting to order and di-
rectors were elected. These directors
will select the officers for the ensu-
ing year. While there has been some
discussion as to who will be elected,
the matter is not definitely settled,
although members say that Harry
Taggart will be the unanimous
choice of the association as secre-
tary.

The directors elected were the fol- lowing:

Peter Newberg.
V. Tausche.
N. M. Scott.
K. G. Kurtenacker.
George B. Rose.
J. S. Arenz.
Jos. Felber.
T. T. Berg.
J. C. Toeller.

Reports are Read

Reports of the officers were read,
and an interesting portion of the sec-
retary's report was discussed with
much satisfaction. This item showed
that in the past year the secretary
had turned down 71 applications for
advertising, mostly of a fake nature,
of no real value to the merchants,
and hard for merchants to escape
as individuals in many cases because
the sentimental nature of appeals.

Big Saving Shown

Figured at the conservative
amount of \$2 apiece, these 71 "ads."
would have cost the sixty members
of the association, had all been obli-
ged to take them, an aggregate of \$8-
520 in the year. While all members
might not have taken them even
though there had been no association,
all would have taken some of them,
and as some of the schemes would
have cost the individuals large sums,
the aggregate amount saved the mer-
chants is probably upward of \$15-
000, or an average of \$250 for each
merchant. Many of these schemes
were settled by the secretary with-
out the merchants ever having heard
of them at all, and the result is
figured as highly satisfactory.

For Greater Trade

The secretary's report contained
an interesting discussion of the pos-
sibilities of getting more outside
trade, the observations of the official
having run along the line of what
takes farmers to smaller markets,
and what might be done to overcome
this and bring them to La Crosse.
This will be gone into further at a
later meeting.

In line with this was a resolution
leaving to the new officials the work
of securing better transportation fa-
cilities for La Crosse, particularly in
the passenger line.

Plan Excursions

The matter of excursions into the
trade territory tributary to La Crosse
was taken up, and it was indicated
that something will be done in a
systematic way along this line. It

MORRIS STINGS HAMBRECHT

Asked if He Was Bitter Toward Ste-
phenson He Replied that He Had
Only Pity for Old Man

MADISON, Wis., April 9.—(Spe-
cial.)—Governor Davidson will ap-
pear before the investigating com-
mittee tomorrow morning. He tele-
phoned from Soldiers Grove that he
would be in Madison at 8 o'clock in
the morning and wanted to go on at
once, so that he can return to Sol-
diers Grove on a train leaving Mad-
ison two hours later, at 10 o'clock.
The governor left Soldiers Grove on
a stock train at 2:45 today, and will
get into Madison at 3:45 tomorrow
morning. He will testify as to the
delivery to him by Game Warden
Stone of \$1,200. A subpoena had
been issued, but on hearing the gov-
ernor was coming the committee
withdrew it.

MADISON, Wis., April 9.—(Spe-
cial.)—Senator Thomas Morris of
La Crosse took the stand in the in-
vestigation late yesterday afternoon
and told how he had expended the
\$25 which was all W. H. Hutton
spent to carry La Crosse county. As-
semblyman Hambrecht tried the role
of inquisitor, but got cold comfort
and the horse laugh for his pains.

Senator Morris, to whose expert
handling of the colossal \$25 sneer-
ing reference had frequently been
made by the assembly members, said
to the committee that he desired, be-
fore the investigation closed, to go
on the stand and explain the matter,
and that as witnesses were hard to
find, he thought this a good time.

Senator Morris said that \$5 of the
money was spent for the printing of
a circular, published by Frank Gois-
enheimer of the North La Crosse Ar-
gus, and the balance, \$20, together
with \$3 of his own money, went for
postage in mailing this and other lit-
erature. He had rendered no bill for
the \$3 which he spent out of his own
pocket. Not a cent was spent in
saloons or for poll workers.

The senator then produced the
Hutton circular, which was read in-
to the record. It was as follows:

WHAT THE ELECTION OF WILL- IAM H. HUTTON TO THE UN- ITED STATES SENATE WOULD MEAN.

1. Choosing a man in the prime
of life and in the full possession of
his faculties.
2. Honoring a man who has earned
promotion by good work in the
state senate.
3. Showing appreciation of honest
political action and straight for-
ward dealing.
4. Rewarding a man of worth and
ability who will not debase the po-
litics of his state by the use of money
and who scorns the devices of the
self-advertiser.
5. Continuing the succession of
men of ability which has given Wis-
consin high rank in the United States
senate.

WHAT THE ELECTION OF ISAAC STEPHENSON TO THE UNITED STATES SENATE WOULD MEAN.

1. Choosing for a six-year-term a
man eighty years old—four years
older than Platt of New York.
2. Exalting a man to high office
who has no other claim to it than
his contribution to campaign ex-
penses.
3. Approving the double dealing
of Mr. Stephenson who obtained the
support which elected him for the
short term upon his promise not to
be a candidate for the long term.
4. Approving the disgraceful ad-
vertising campaign in which he is
now spending thousands of dollars in
bill-board and newspaper advertising
proclaiming himself the "Grand Old
Man."

The modern housekeeper has begun to learn that there are other ways of cooking food than by boiling, broiling, or roasting, all of which processes call for high heat. She has come to know that long, slow cooking at a gentle heat best conserves the nutritive elements of food and the flavors that render it most agreeable to us.

It is this method of cooking that the "Guernsey" earthenware with its close fitting covers, has made possible for us. "Guernsey" cooking and serving dishes are the highest grade earthenware made. We carry a full line and ask you to come and inspect them.

JOHNNY KLING IS NOW A POOL SHARK

DEMON CATCHER WILL PLAY POOL THIS SUMMER

FINE DOES NOT BOTHER HIM

Says Murphy Might as Well Make that Fine a Million Instead of a Thousand

KANSAS CITY, Mo., April 9.—Johnny Kling, the former catcher for the Chicago Nationals, will be seen as a pool player this summer instead of behind the bat. Kling has posted a forfeit of \$100 to bind a challenge to the winner of the Weston-Lean championship match for the title of pool champion. Kling will probably play the match some time in May. The date for the Weston-Lean match will be arranged for in about a month.

When asked today if he was going to pay the \$1,000 fine that Murphy declared he must pay to get back into the baseball game, Kling said: "Murphy might as well make that \$1,000 fine \$1,000,000. Six weeks ago I notified him I was not going to play ball this year. He is trying to give out the impression I am holding out for more money but Murphy knows better. I hope the Cubs win another world's championship. It's a great team and a great bunch of boys. Murphy says he can win just as easily without me and I hope so, but if they can I don't see why he's yelping so hard."

SAFFORD'S DON'TS TO HIS PLAYERS

Sometimes the manager of a baseball team has ideas of his own and sometimes the players don't all agree with those ideas. While some managers and players believe in letting the man do as they please go and come when they will, providing they report in time to practice and are able to produce the goods. The following advice might be attributed to Manager Safford and it might not, however, it seems to be pretty good advice to baseball players. It is as follows:

Do.
Go to bed early and eat regularly. Eat light meal before going to the grounds.
Get a bat that suits your strength. Many a good hitter is spoiled by his bat.
Keep your eye on the ball.
Keep thinking. Never lose your head.

Remember that inside work is often more effective than hitting.
Remember that your team mates are part of the machine and when you feel friction help eliminate it.
Boost the youngster. Your words help them.

Don't.
Be anxious to start the season.
Try to get in shape before training begins.
Worry about making your team. If you fail other teams will need you.

Try to show off in the spring and injure your arm.
Get a swelled head when the papers boost you.
Smoke too many cigarettes or tobacco.
Get downhearted. Remember a calling is for your good.
Drink. This is the worst thing a player can do.

GUN CLUB HAS TOURNEY JUNE 1-2
The annual tournament of the La Crosse Gun club will be held June 1 and 2, the chief prize of the event being the silver loving cup which has been competed for by Winona, La Crosse and other cities. The cup has been won twice by the local aggregation and should they win it this time it will become the permanent property of the local club.

The Winona Sportsmen's club will hold its annual tournament in that city July 14. This is a registered tournament and it is probable that local men will participate. It is probable that there will be about twelve events with cash prizes on the program. The shooters competing for the entrance fees and \$10 in added money to be put in the Winona club. In addition to these twelve events there will probably be special events with other prizes.

HIKING FEVER GETS LA CROSSE

The Swastikas took their hike to Hokah yesterday afternoon accompanied by Earl Lockman and Ralph Bradish. They made the trip easily and returned to the city last night.

HANDBALL TOURNEY

One of the most important games in the handball tournament was played at the "Y" gymnasium Wednesday night. Guskie Roy and Art Erickson winning two straight games from Archie Larsen and Kircheis.

KETCHEL IGNORED BY THE BIG GUNS

UNLESS NEGRO FIGHTS HE WILL CLAIM THE CHAMPIONSHIP

JEFFRIES IS STILL SILENT

Johnson Offered to Knock Him Out Inside of 20 Rounds or Forfeit Entire Purse

NEW YORK, April 9.—Willis Britt, manager of Stanley Ketchel, middleweight champion, is on the warpath today. The "boy manager" says that unless Jack Johnson consents to meet the Montana fighter that he will claim the heavyweight championship and be ready to defend the title against all comers.

Britt says that should Jim Jeffries agree to fight Johnson then he will wait until the outcome of that fight. Johnson is accused of flunking out of a match with Ketchel after hurling a deft at the middleweight champion from Chicago, but when cornered refused to sign, claiming that Ketchel was too small and not in the heavyweight class.

Jeff still maintains his silent attitude despite the fact that Johnson yesterday offered to knock out the Los Angeles farmer inside of twenty rounds or forfeit the entire purse.

That a meeting between Kaufman and Johnson is not likely to occur in the near future became known today when Bill Delaney, the big Californian's manager, announced that after Kaufman's bout with Tony Boss next week he would take his man to England.

And in the meantime the only aspirant for the premier title in the pugilistic world who is ready to fight is Stanley Ketchel and the big guns are not falling over themselves to have any of his game.

CHASE HAS CASE OF VARIOLOID

LYNCHBURG, Va., April 9.—Manager Stallings of the New York American league baseball team, admitted here today that Hal Chase, his first baseman, is in a smallpox hospital in Augusta, Ga., suffering from a mild attack of varioloid. All the other members were vaccinated and all the clothing and baggage of the team was fumigated before leaving Augusta. With the exception of Chase, Stallings said, his team would be intact for the opening game in Washington Monday.

To Quarantine Club
WASHINGTON, D. C., April 9.—Health Officer Woodward announced today that he would make a thorough investigation of the report that Hal Chase of the New York baseball club is ill of the smallpox. If he finds this to be true, he said, he will quarantine the club on its arrival here and would refuse to permit it to go on with the opening game of the American league season on Monday.

BATTLING NELSON TO MEET THOMPSON

CHICAGO, April 9.—Batting Nelson and Jimmy Coffroth, the California fight promoter, are having a tete-a-tete this morning at a hotel here and it is expected that an agreement will be reached whereby Nelson will sign up to meet some one, probably "Cyclone" Johnny Thompson at Coffroth's club on July 4. Nelson is willing to box Thompson if Thompson can make 133 pounds ringside.

Scotch Woolen Mills Co.'s Editorial

There's always one best way for everything.

And there's just one best way for you to know how good our showing of Spring fabrics is.

That's to come here and look.

We're justly proud of this great new stock, embracing as it does all the staples and best novelties of the season.

If the compliments of those who have already bought and those who have looked and will buy when the weatherman turns on the heat count for anything, this store will make more clothes—clothes that fit and keep their shape—than we even hoped for.

The day of the eight-month old hand-me-down is fast drawing to a close.

Men want the fashions of the hour, and the only way to get them is to have your clothes made to order.

Yours truly,

Scotch Woolen Mills Co.

WHAT REALLY COUNTS

Notwithstanding the raw, blustery days we had in March, and allowing that the weather hasn't urged Spring apparel, our sales are far ahead of former years; in fact, we've taken more orders for suits and topcoats in the past thirty days than ever before in our history. This remarkable showing can only have one meaning—that our clothes, made as you wish them made and costing no more than hand-me-downs, are coming into their own—and in a very short time every man who wants his money's worth will come to us for his clothes.

SUITS TO ORDER

\$15

OTHERS AT \$17.50, \$20.00, \$22.50

SATISFACTION GUARANTEED OR NO PAY

Let us tell you something. Every garment we make is put together in our own workrooms—the cutting, the fitting and the sewing are done by the best Union labor that money can hire, and every garment is inspected before leaving the workrooms. This, combined with the fact that the fabrics, linings and trimmings are strictly honest, warrants us in the assertion that there are no better clothes than ours built at any price. If you pay more than our prices you're stung.

THIRTY DAY RACE TO BE RUN SQUARE

CHICAGO, April 9.—That the 30-day race meet beginning June 19, to be held at Denver will be conducted fairly was assured today when John Condon, who is to conduct the meeting, announced that Frank J. Bryan would act as president judge, while Martin Nathanson would officiate as secretary and handicapper. Both these men stand high as exponents of clean sport and fair play.

A TOSS OF A COIN MAY DECIDE REFEREE

CHICAGO, April 9.—Though the big wrestling match between Frank Gotch and Yussif Mahmoud is but a few days off, no one has yet been selected to referee the event. At a meeting held last evening between Empire club officials and the managers of Gotch and Mahmoud, no choice was made. Club officials insisted that a Chicago man be selected and this shifted the choices down to Dick Fleming and Ed Smith. A toss of the coin will probably decide between these two men.

ENGLISH CHAMPION TO RUN LONGBOAT

BOSTON, April 9.—Shrubb, the English champion long distance runner, is today enroute to Toronto. In passing through here he said: "I am to race Longboat a 15 mile race Saturday, April 17, for \$2,500 a side. There will be no question about the race coming off this time. I expect to defeat the Indian."

"After my race with Longboat I will return to Boston and try to get St. Yves or Swanburg to run me a special 15 mile race here."

DEVLIN HAS SHADE ON YOUNG DONAHUE

MEMPHIS, Tenn., April 9.—Today fight fans think Tommy Devlin of Philadelphia a coming fighter. Before his fight with Young Donahue of Boston last night he was thought to have no chance at all.

The Jefferson club, where they fought, bars decisions but if one was given unanimous opinion is that it would have been a draw. Devlin forced the fight all through the eight rounds and drew first blood in the third round.

ORPHEE FAVORITE IN BOSTON MARATHON

BOSTON, April 9.—Despite the fact that Orphee is favorite for the professional Marathon to be run here tomorrow night, Pat Dineen will have a strong following when he toes the scratch for the long grind. Eddie Hopkins, a well known man, has placed \$1,000 against \$2,000 that Dineen will win the event.

Orphee's price has taken a sudden jump, which shows that the Frenchman is not without supporters.

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines OF KNOWN COMPOSITION.

THE COUNTY CHAIRMAN.

A number of indisputably compe-
tent men have been suggested as
chairman of the county board. Of
these two in particular must be ac-
cepted as men of unusual worth.
Supervisor Davis and Supervisor Hul-
berg are men of intelligence, integri-
ty and fairness. Both have experi-
ence, both have "made good," and
between them the honor should rest.

To choose between these men is
difficult. It can hardly be said,
from the broad angle of general re-
sults, that one of them would give
the taxpayers better service as chair-
man than would the other. In point
of long service, faithful in the high-
est sense, Mr. Davis seems to have
the better of the argument. He has
given his time and his efforts cheer-
fully and loyally to the people of

this county, and we can recall no in-
cident in which, as we view it, he
has been on the wrong side of an
important controversy. No man can
impugn his honesty, his capability or
his motives.

Mr. Hulberg has served for a
shorter period, but his services have
been not less faithful and valuable.
He is a representative of the younger
element in our business circles, but
upon his young shoulders rests an
old and thoughtful head. In choos-
ing between him and Mr. Davis one
single thing stands out, inclining us
to advise the election of Mr. Hul-
berg. That thing is his keen appre-
ciation of the value to both city and
country, to the entire county, of good
county roads. The Tribune believes
this is the most important subject
dealt with by the county board, and
Mr. Hulberg is the unrelenting cham-
pion and the pioneer of the good
roads movement. That he will push
on to achievement in this line we
feel assured, and we advise his elec-
tion.

THE CASE OF MR. SCHNELL.

The Tribune opposed Mr. Schnell,
alderman from the Eighth ward, in
his campaign for election as com-
missioner of the board of public
works. There was nothing personal
in this opposition; it was based upon
the conclusion that Mr. Schnell was
not qualified for the position. This
meant, not that he lacked intelli-
gence and capability, but that he
lacked experience of the sort that
qualifies for the position sought.

Mr. Schnell was elected by a de-
cisive vote. Not enough democrats
questioned his efficiency to absorb
the normal democratic majority, and
the union labor element was strong-
ly with him.

Since the election of Mr. Schnell a
legal question as to his eligibility
has arisen. This question is a
purely technical one, i. e., that he
resides in the same ward with an-
other commissioner. It is nothing
against his qualifications, so far as
his ability to handle the work is
concerned.

It is possible that Mr. Schnell's
right to the office to which he has
been chosen might be successfully
contested under this law prohib-
iting two members being elected from
the same ward. However, it does
not seem just to take advantage of
this technicality. No person in La
Crosse has opposed the election of
Mr. Schnell more vigorously than
did The Tribune, and if The Tribune
can see the justice in letting this
technical objection drop, others
should be willing to do so. It is ob-
vious that to satisfy the law some-
thing must be done, as for instance
the removal of Mr. Schnell to some
other ward. It would appear that
Mr. Schnell should be permitted to
do whatever the law demands to re-
tify the record, and to go on and
serve his term. He is the choice of
a majority of the people for this of-
fice, and the majority should rule.

DR. CASE, HUMORIST.

Dr. Case, the well known Park
Store dentist, is developing into a
"sho nuf" humorist. Yesterday he
was surprised by a Tribune reporter
when in the act of drawing a picture
of a young woman in a dentist chair.
The dentist had his forceps glued to
a molar, and the girl wore a tragic
look.

"What's that for, Doc?" asked the
reporter.

"Going to send it to Judge," said
Dr. Case.

"Where's the joke?" asked the in-
quisitive one.

"Here's what I'm going to put un-
der it," said Dr. Case, holding his

thumb on the top line of a book of
popular children's verse. The verses
were illustrated by a picture of a
sweet girl with her face pressed
against a window, and the line the
doctor indicated read as follows:

"Mabel, pretty Mabel, with her
face against the pane."

In enjoying the Marvel Flour
Show, it is worth remembering that
it is "made in La Crosse." There is
a great economic sermon in those
simple words, "made in La Crosse."

The anxiety of Governor Davison
to tell about how that fellow
Stone had the audacity to give him
\$1,200 was of a passive nature until
spurred by a subpoena.

The assembly gang's "whitewash"
of the whole Stephenson election day
affair is too thin to stand the
weather. These gentlemen will have
to face a real probe in the senate.

IMPORTANT COURT DECISIONS

SUBSCRIPTION FOR POLITICAL
CONVENTION. When the city of
Louisville tried to secure the demo-
cratic national convention for 1908,
the fiscal court voted an appropria-
tion of \$10,000. The county attor-
ney brought a suit to restrain this
expenditure, authority for which was
claimed under a provision of the
statute giving power "to appropriate
county funds to make provision to
secure immigration into the county
and advertise the resources of the
county." In Jefferson County vs.
Peter, 105 Southwestern Reporter,
887, the Kentucky supreme court of
appeals held the expenditure would
be unjustified, and that, if this were
allowed, the limit to the power of
the fiscal court to make advertising
appropriations would be hard to de-
termine.

**Why Syrup
Pepsin is Free**

For more years probably than the
age of the person reading this, Dr.
W. B. Caldwell, of Monticello, Ill.,
has practiced medicine, and the one
thing that forced itself on his mind
was the urgent need of the human
body for something that would sci-
entifically regulate the digestive or-
gans—the stomach, liver and bowels.
These years of study developed Dr.
Caldwell's Syrup Pepsin, now recognized
as the national safeguard of health in
thousands of good American homes. For
twenty years it has been gaining friends,
for it is today, as it always has been,
the best laxative tonic for women, children
and old folks, for these especially need a
gentle, safe laxative tonic that is sure in
results and does not gripe.

It is because the doctor has watched its
good work for all these years and believes
in the merit of his remedy that he offers
to send a free trial bottle at his own ex-
pense to anyone who writes him. You
have simply to send your name and ad-
dress. On the strength of what these
free trial bottles have done—and there
have been given away—Dr. Cald-
well's Syrup Pepsin is today more widely
used than any other American remedy for
constipation, liver trouble, flatulency,
biliousness, indigestion, sour stomach,
dyspepsia, heartburn and similar disor-
ders of the stomach, liver and bowels.
It can be obtained of any druggist at
50 cents and \$1 a bottle, and a bottle will
do you a hundred times the amount of
good it costs you.

People like Mrs. M. L. Graves, 822 Oak-
wood ave., Toledo, O., G. B. Houston,
Bessmer, Ala., William Reed, Goodman,
Miss., once sent for a free test bottle and
now have their entire family using it as
needed.

If there is anything about
your ailment that you don't
understand, or if you want
any medical advice, write
to the doctor, and he will
answer you fully. There is
no charge for this service.

When Gladys dons her latest hat
We know full well that spring is
here.

Unmoved by chill reminders that
Belated winds are harsh and drear,
Though snow may gather o'er the
field.

Where yellow blooming bravely
strives,
Our vernal hope we shall not yield
When Gladys' hat so fairly thrives.

No violet that decks the glade,
No flaunting jonquil is more neat.
That is the flowering there arrayed,
About her smile demurely sweet,
And so, though storms may rage
about,
This dainty prophetic stands pat:
'Tis gentle spring beyond a doubt
When Gladys dons her latest hat.

His Pass
Speaking about hand writing
which is hard to read, an old time
conductor on the Louisville & Nash-
ville railroad told a story about
James Guthrie. Mr. Guthrie, be-
sides being secretary of the treasury
under James Buchanan, was also
president of the Louisville & Nash-
ville railroad and a resident of Louis-
ville.

In the early days of railroading
there were no printed passes as at
present, and Mr. Guthrie would fre-
quently write a pass for a friend on
a scrap of paper. The conductor on
the road would honor these, of
course, but one farmer carried a
piece of paper purporting to be a pass
for a friend on a scrap of paper. The
conductor honored it, but later grew
suspicious, and one day took it up.
He carried it to the office of Presi-
dent Guthrie and said:

"A farmer has been riding on this
pass for about a year; do you want
him to continue to use it?"

President Guthrie put on his glass-
es, looked the paper over carefully,
and said:

"Why, this is not a pass. It is a
receipt I gave a fellow for a load of
wood about a year ago."—Louisville

Nervous Dyspepsia.

It really doesn't seem sensible for
anyone to worry or fret about indi-
gestion or dyspepsia; they are curable
until they develop into or lead to
diseases that may be incurable. Kodol
prevents dyspepsia and other se-
rious ailments by giving the stom-
ach effective aid in its processes of
digestion—thus making and keeping
the stomach well, strong and active.
And when you have a sound stom-
ach, you need not worry about dys-
pepsia, or what it leads to. Indi-
gestion and dyspepsia if neglected too
long, will result in irreparable dam-
age to the whole system. Kodol is
the stomach's ever ready assistant—
anxious and able to help prepare this
food, and make strength and vigor
for the body. Every tablespoonful
will digest 2 1/4 pounds of food. If
your stomach is experiencing any
difficulty at all in the correct per-
formance of its daily task—try a
few doses of Kodol. You will then
know just what Kodol is for—and
what it will do. Our guarantee—

In the committee of the whole, no
record was made but the proposition
to put lumber on the free list was de-
feated by a vote of 170 to 176. This
vote was significant and there is a
strong probability that when the
question is put to the house that
lumber may go upon the free list.
Notwithstanding the strong pressure
brought to bear upon them from the
large lumber companies of northern
Wisconsin, every member of the Wis-
consin delegation with the exception
of Representative Morse voted in the
committee of the whole for free lum-
ber. Upon the question of free lum-
ber which was retained in the bill, every
member from Wisconsin voted with
the majority.

When the bill comes to the senate
an indication of what may be done
to it may be gathered from what
Representative Fordney was over-
heard to say to a fellow member in
regard to the lumber schedule while
the vote was being taken upon it in
the house, which was to the effect
that it made no difference what was
done in the house, that it was all
fixed up for the duty on lumber to
be \$1.50 per thousand.

The senate finance committee is
working night and day to whip its
bill into shape. It does not intend
to give much time to the matter of
collecting information. As a mem-
ber of the committee is authority for
the statement that it will be reported
out within a week.

SPOTLIGHTS

"Runaways." Musical Comedy

It is still the heyday of the musical
comedy, because people desire
the light, the merry, the musical to
drive dull care away. And it is still
the heyday of the big Broadway suc-
cess, "The Runaways," because this
musical comedy possessed to a strong
and fascinating degree all the ele-
ments just noted to drive dull care
away. So it can be but a pleasure for
theater goers to learn that this big
New York Success will be at the La
Crosse theater on Sunday, April 11,
matinee and night, and reports from
its wake this season attest glowingly
to the truthfulness of the claim that
this season the jolly musical creation
that has delighted millions is being
given a brighter and more elaborate
production than ever. The company
is large, and largely made up of
charming, bewitching girls, and there
is that very diminutive specimen of
humanity, but giant dispenser of
mirth, George Ovey. He is this sea-
son appearing as "Blutch," the horri-
ble example and his antics are said to
be really funnier than any of his
distinguished predecessors. He has
many catchy scenes and he sings
many jingling songs. His support is
strong, and a delightful feature is the
Merry Widows. One is furnished
for every day in the week, and the
song hit which gives tiny George
Ovey an opportunity of kissing each
fair maiden is a scream. Armed with
a ladder Ovey goes about the deli-
cious task of osculation in most
unique and laughable style. The
scenic production given the play this
season is really magnificent and is
greatly enhanced in beauty and
charm by innumerable and novel
electrical effects.

Grapewin in "Mr. Pipp"

Mr. Grapewin comes to the La
Crosse theater next Monday, April
12th. The man who earns a salary
with Mr. Grapewin seeking to put
together something new to print of
his star and play declared in this
office the other day that it was the
hardest job of his long career, as an
agent and explained his statement by
saying, Charley Grapewin has been
playing this comedy five years. It
has been a big go from the start.
The critics have universally lauded
it. The public has gladly paid its
money and laughed its fill at both
play and star, and here I am after
all this effort to herald to the press
reading public the amusing possibi-
lities of a peep at Grapewin, trying
my level best to say something new
for your readers. Don't you see
where it is a task? One thing I can
say, and this is, that we have never
offered a better company than this
year and I can promise you that re-
peated performances have in no wise
dulled Mr. Grapewin's zest for de-
lighting the many sided "Pipp."

IN THE NATION'S CAPITOL

(By John J. Hannan.)

WASHINGTON, D. C., April 9.—
The Payne tariff bill will be brought
to a final vote in the house tomorrow
and it will pass practically as it was
amended by the ways and means
committee.

There is no interest in the bill or
in the action of the house as every-
one recognizes that the measure is to
be cast aside and entirely rewritten
in the senate.

It was this conviction that secured
the votes to enable the house to come
to a vote upon the measure this
week. It is said by members who vot-
ed for the rule and who are known
to have been opposed to such a rule
that they voted in the way they did
for the reason that the president had
requested them to do so, assuring
them that the senate would rewrite
the bill and would take care that the
glove, hosiery and other schedules af-
fecting directly the cost of living
would be fixed up in the senate with
more regard for the interests of the
consumer than was given to these
matters by the ways and means com-
mittee of the house.

Before the final vote upon the bill
is taken in the house opportunity
will be given and a record vote will
be had upon lumber, hides, barley,
malt and oil. The committee amend-
ment on oil is that crude petroleum
and its products shall have a 25
per cent ad valorem duty in place of
the countervailing duty. The record
vote on lumber, hides, barley and
barley malt will be those of the great-
est significance.

In the committee of the whole, no
record was made but the proposition
to put lumber on the free list was de-
feated by a vote of 170 to 176. This
vote was significant and there is a
strong probability that when the
question is put to the house that
lumber may go upon the free list.
Notwithstanding the strong pressure
brought to bear upon them from the
large lumber companies of northern
Wisconsin, every member of the Wis-
consin delegation with the exception
of Representative Morse voted in the
committee of the whole for free lum-
ber. Upon the question of free lum-
ber which was retained in the bill, every
member from Wisconsin voted with
the majority.

When the bill comes to the senate
an indication of what may be done
to it may be gathered from what
Representative Fordney was over-
heard to say to a fellow member in
regard to the lumber schedule while
the vote was being taken upon it in
the house, which was to the effect
that it made no difference what was
done in the house, that it was all
fixed up for the duty on lumber to
be \$1.50 per thousand.

The senate finance committee is
working night and day to whip its
bill into shape. It does not intend
to give much time to the matter of
collecting information. As a mem-
ber of the committee is authority for
the statement that it will be reported
out within a week.

Irrefutable.

When Gladys dons her latest hat
We know full well that spring is
here.

Unmoved by chill reminders that
Belated winds are harsh and drear,
Though snow may gather o'er the
field.

Where yellow blooming bravely
strives,
Our vernal hope we shall not yield
When Gladys' hat so fairly thrives.

No violet that decks the glade,
No flaunting jonquil is more neat.
That is the flowering there arrayed,
About her smile demurely sweet,
And so, though storms may rage
about,
This dainty prophetic stands pat:
'Tis gentle spring beyond a doubt
When Gladys dons her latest hat.

His Pass
Speaking about hand writing
which is hard to read, an old time
conductor on the Louisville & Nash-
ville railroad told a story about
James Guthrie. Mr. Guthrie, be-
sides being secretary of the treasury
under James Buchanan, was also
president of the Louisville & Nash-
ville railroad and a resident of Louis-
ville.

In the early days of railroading
there were no printed passes as at
present, and Mr. Guthrie would fre-
quently write a pass for a friend on
a scrap of paper. The conductor on
the road would honor these, of
course, but one farmer carried a
piece of paper purporting to be a pass
for a friend on a scrap of paper. The
conductor honored it, but later grew
suspicious, and one day took it up.
He carried it to the office of Presi-
dent Guthrie and said:

"A farmer has been riding on this
pass for about a year; do you want
him to continue to use it?"

President Guthrie put on his glass-
es, looked the paper over carefully,
and said:

"Why, this is not a pass. It is a
receipt I gave a fellow for a load of
wood about a year ago."—Louisville

FRANKLIN CLUB FOR INCOME TAX

JURY DECIDES IT IS BEST FOR THE POOR MAN

WOULD RELIEVE TAX BURDEN

Opposition Declares It Is Un-American and That It Would Precipitate Endless Litigation

After listening to an animated discussion of the question, "Resolved, that a federal income tax is desirable," the jury, consisting of R. Schlabach, Alfred Olson and Will Rositer, returned a unanimous verdict in favor of the affirmative.

H. L. Taylor in speaking for the affirmative depicted the shortage in the treasury and proposed an income tax as the most available way of replenishing the needs and of raising revenue. He stated that England had tested this tax to its utmost satisfaction and that it was still proving satisfactory. The system of collecting the tax is not a complicated one, adjustable in fairness to everyone, and that it relieves the poorer classes from paying burdensome taxes which they do not justly. Mr. Taylor was ably assisted by Profs. Hayden and Schubert.

R. H. Butler, the leader for the negative, sought to expose the tax as un-American, saying that it was not in keeping with our American institutions and that the government, like a private business must be provided for by a more equitable system than an income tax. He stated that this is a tax that would precipitate litigation and call for an endless expense in investigating private affairs and fortunes of business men in general. His assistants in the debate were P. W. Mahoney and Prof. P. A. Greenameyer.

The debate was very interesting and nearly every member of the club appeared on the floor in the informal debate which followed. The arguments on both sides were excellent and the material was well handled. Dr. Guyton who has lately been in England, told of the success of the tax in that country, his arguments making a great impression on the jury and the audience. The debate was well attended, the hall being crowded.

SECTION MEN ON NORTH SIDE STRIKE

REFUSE TO WORK 10 HOURS FOR 9-HOUR PAY

ROADMASTER MADDEN COMES

Milwaukee Officials Orders New Men To Be Hired, But None Can Be Procured

Because they were ordered to work ten hours a day, instead of 9 as in the past, with no pay for the added hour, the section crew on the Milwaukee walked out this morning.

When the crew arrived for work this morning in the yards, Peter Fischbach, the foreman, informed them that they had received orders to put in ten hours a day hereafter. Upon being asked if they were to receive extra pay for the added hour, they were told that the orders were to the effect that the pay of the men was to remain \$1.25 a day as in the past. The men after a short consultation quit their work and left saying that unless they were to receive extra pay they would not return to work. Mr. Fischbach immediately informed the officials of the strike and they wired back that he should hire new men, but up to the present time there is no section crew on the Milwaukee here. The company is trying to hire new men but their efforts have as yet proved to be unsuccessful.

The road received orders lately that the section crew was to be increased by 15 men after April 15, the bunk cars arriving here yesterday, but at the present time conditions appear to be in such a shape that they can not procure the services of nine men to take the places of the regular crew.

Chief Roadmaster Madden of Milwaukee is expected in the city today to arbitrate the matter with the men.

Unless a crew is procured the work which has been in progress in the east yards since warm weather set in, will be seriously delayed.

For more than half a century owing to its high standard of quality GUND'S BEER has been the favorite beverage throughout the great Northwest. With 55 years of practical experience and our modern equipped brewery we are able to challenge the world with a perfect beer.

BEER TRUTHS

BEER IS NO LIQUOR

A liquor is a beverage in which alcohol is the base and principal ingredient; as, for instance, whisky. In beer, the alcohol is incidental, being only the one-thirtieth part of it.

Dr. W. H. Wiley, chief of the bureau of chemistry of the department of agriculture, is quoted as follows: "I will say this much, that the use of beer and wine aids in the work of temperance. To illustrate, there is not near so much intemperance in Germany where wines and beers are used to such a great extent, as there is in Scotland, where spirituous liquors are principally used."

American Beers are absolutely free from any chemical preservatives and deleterious substances, as well as from disease germs. As to purity, they are above even suspicion. You could not say this of your city water, nor of the milk sold you by your dairyman. No typhoid germs in beer.

BEER WITH MEALS

It is reliably computed that practically one-half of all the beer consumed in the world today is taken with meals. Whether it be with the laborer's cold lunch, the bon-vivant's repast or the "home spread," observing ones must concede to Good Beer, the place it has won as the nation's health beverage.

Few people are aware of the way beer is brewed, and to this ignorance is due the prejudice prevailing against it in some quarters. The ingredients used are sterilized water, malt, a small quantity of rice, or corn and hops. There are no deleterious substances that could be used in the production of beer.

Prof. Dr. P. Bauer, Berlin, Germany, says: "Beer has a number of pleasant and valuable qualities. No other beverage contains such a combination of useful properties. The water of its quenches the thirst, the carbonic acid refreshes, the extracts are nutritious, the alcohol furthers digestion, the mineral salts build up the bones and the extracts of hops act as a tonic."

Winona, Minn., are in the city to attend the funeral of Charles Reed.

Samose Ideal Flesh Builder Says

Druggist O. T. Erhart.

Thin people are simply suffering from want of nourishment.

If you are thin it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissue as it should.

You can readily get plump and rosy by using Samose, a tissue forming food which when taken with the meals, immediately becomes a flesh building and life giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid cheeks and removes the tired and languid feeling which is the result of exhaustion and low vitality.

O. T. Erhart is introducing Samose to his customers and recommends it highly. He gives the best proof of his belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

Should the medicine fail to benefit you to your entire satisfaction, we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children, delicate or aged persons because they do not contain anything that could possibly injure the most delicate organism. They are just as easy to take as candy, and unlike other preparations for a like purpose they do not create a habit, but instead they overcome the cause of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We want you to try Rexall Orderlies at our risk. We know that there is nothing that will do you so much good, and we will refund your money without argument if they do not do as we say they will. They are prepared in tablet form in two sizes of packages; 36 tablets, 25c, and 12 tablets, 10c. O. T. Erhart, 431 Main St.

SOCIETY

LUTH-ECKLUND NUPTIALS

Miss Alice Luth and Earl Ecklund, both well known young people of this city, were quietly united in marriage last Tuesday at the parsonage of the Congregational church, Rev. Faville performing the ceremony.

Miss Luth is the daughter of Mr. and Mrs. Wm. Luth of 909 South Seventh street. The groom is an employee of the Adams Express company running between this city and Savanna.

The cleverness of the young couple spared them the usual shower of rice and old shoes, by their many friends, who wish them well on their journey through life.

The couple left Wednesday for Moline, Iowa, where they will be at home to their friends after April 15.

MARVEL DEMONSTRATION

The ladies of the city are getting quite enthusiastic over the cooking demonstration by Mrs. Hensel who is instructing the people in the mysteries of good bread and cake making by using Marvel flour, a home production. The attendance is increasing daily, and yesterday extra chairs had to be provided for the crowd. It is a very attractive place in all respects. The demonstrations are given every afternoon in the building adjoining The Tribune building. A stringed orchestra enlivens the hours, which needless to say would not be so while Mrs. Hensel was giving her interesting talks and explaining the different ingredients used and the offices they perform. Each guest is served with coffee and a sample of the cake, bread, or whatever is being demonstrated.

The room is made attractive with beautiful flowers and it is really an interesting and pleasant place to spend a few hours of an afternoon.

SOCIAL BRIEFS.

Miss Bessie Hamrich who has been interesting the ladies in La Crosse the past few weeks with her fine display of fancy needlework at the Stoddard, has quietly "folded her tent" and hid herself away to Winona. Miss Hamrich is a very attractive and charming young woman and will not fail to make friends wherever she goes. In June she sails with a party of friends for Naples and will spend the summer months touring the various countries of Europe. She hopes to return to La Crosse at some future date when she will be assured of a hearty welcome by her friends and patrons.

If you will but inspect our display now, you'll be a convert to Continental clothing, because if you scrutinize carefully the making, the fabrics, and patterns, the quality and styles, our clothing will at once establish itself in every discerning man's mind as best—cheapest and safest to buy. A PLEASED CUSTOMER

A few days ago one of our old customers came to our store to buy a set of Rogers' silver plated knives and forks. This is what she said: "When I was married, over 20 years ago, among my wedding presents was a set of Rogers' knives and forks bought from Irvine's store. They have been used on our table three times a day ever since and still show very little wear. Now I wish to buy a dozen knives and forks of the same make, to present to my daughter on her wedding day." We are still selling the very same make, the genuine Rogers', the kind we have always sold. Our stock is full and complete. Our price for 6 knives and 6 forks, the genuine Rogers', ranges from \$3.50, \$3.75 and \$4. You take no chance when you buy from us. W. T. PASTOR'S LOVE IS SOURCE OF SORROW

REV. DAVIDSON RESIGNS AND
GIRL IS EXPOSED

THE COUPLE LOVED ELICITLY

Mother Presses Matter After Criminal Procedure and Whole Affair Is Exposed

WASHINGTON, Ind., April 9.—The official membership of the Christian church today received the resignation of its pastor, E. E. Davidson, who in a suit filed by Miss Bunn Clark, crippled daughter of former Mayor Hale Clark, is defendant in grave charges made by the woman. Love letters given out by the woman's attorney also show mysterious and intimate relations between the couple and for the first time hint at a long stay at the Grand Hotel in Cincinnati by Miss Clark. The condition of the letters.

Miss Clark alleges that Davidson was married to her in St. Louis by both signing a marriage vow. Her suit asks that this marriage be declared legal.

Rev. Davidson in his resignation offers no defense. The preacher, however, is being watched that he may do no harm to himself, as he intimates he might do in one of his love letters to Miss Clark.

Pastor Defiant.

Following is a letter posted Jan. 10:

"Precious—Just read your letter and come to say that it does not meet my approval at all and as for you returning home, that is as you please. A mother who is so unnatural as your mother has shown herself and whom her only girl fears to come and who has stated to me the things that she has only to violate them, I would trust for nothing. Now if you think her capable of scandalizing and ruining you, in order that she may bring disgrace upon me, why should I be disposed to trust her. If you think her such a monster as to openly betray you and ruin us both, then you will, I suppose, remain away. I can't believe her so terrible as that, but if you are right, then I am ready for the commencement of the end, and it makes little difference how soon it comes.

"Just remember this, however, when people try to force, they are coming to the wrong place and if they are in doubt you may inform them that if they are not satisfied and demand it they will have to shoot out whatever more they get. With what patience I can command, I am waiting the disposition that you and your mother make of me and my future.

(Signed) "ELMER."

A "Glorious Victory."

A letter sent a few days later reads: "I come to you with an ocean of love and good will to assure you of your manifest bravery and glorious victory. The ordeal must have been terrible and the loneliness of it was not its cross, but they were borne with such success as only an imperator will make it. My little colonial queen, at times like this it tests the blood and only the royal can produce such results.

(Signed) "ELMER."

Bitter Toward Mother. Bitterness toward Miss Clark's mother is shown in another: "Precious: Your mother's letter was simply a roast to me, and for me and consequently I consigned it to the flames. She may awaken to the fact that her inhumanities are not long to be tolerated and that she has started something she cannot stop.

"Some things begin to look exceedingly strange to me and one of these days they are liable to reach the limit. This condition of life is hourly growing less tolerable. I hope I will not be driven to desperation by treachery. I will try to reach the train with this.

"Remember when I am played with fair I am as true as the needle, but I will not stand for any sort of handling.

(Signed) "ELMER."

Talk of Tar and Feathers. There has been a large amount of inflammatory talk in the streets and the authorities have taken precautions to prevent any outbreak of mobs. Threats of tarring and feathering the minister have been made by hotheads but there has been no actual demonstration. Feeling is running high against the accused minister and public sentiment which at first favored the minister, has turned and he is the subject of criticism in almost every home of the city.

Paper Attacks Pastor. However, despite the evidence that has been piled up to establish his guilt, many members of his congregation refuse to accept the charges and declare the minister will have to acknowledge his guilt before they are convinced. The Washington Herald, edited by Charles G. Seffrit, who frequently was bitterly attacked in sermons by Dr. Davidson for his attitude in the recent local option campaign, today severely scored the minister in an editorial, terming him "a brute and pervers."

SPIRIT IS GAGE OF OUR SALVATION

"The spirit himself beareth witness with our spirit, that we are children of God." Romans 8:16. This was the text used by Rev. A. Lincoln Shute at the First Methodist Episcopal church last night in giving God's part in the answer to the question, "How do we know when we get salvation?" In substance Mr. Shute spoke as follows:

The fact of assurance is a definite teaching of Scripture, so declared in the text and in many other passages. It concerns the special fact of our gracious sonship in God's family. "Because ye are sons, God sent forth the Spirit of his Son into our hearts, crying Abba, Father."

The Holy Spirit is a distinct and immediate witness. His work cannot be understood fully, except in experience; just as no one can understand taste and sight, except by tasting and seeing. Wesley thus defined the witness of the Spirit: "An inward impression on the soul, the Spirit of God directly witnesses to my spirit, that I am a child of God; that Jesus Christ hath loved me and given Himself for me; and that all my sins are blotted out, and I, even I, am reconciled to God." This is an inward impression amounting to the same as saying, "God hath loved thee, and given his own Son to be

the propitiation for thy sins; the Son of God hath loved thee, and hath washed thee from thy sins in his blood."

It is the Holy Spirit who produces conviction for sin. He does not speak by a voice to the ear; out he does make us conscious of the fact that we are sinful, guilty and under condemnation. When God forgives us and we are saved, all this is changed, so that now the same Spirit takes away the sense of guilt, and puts in its place the consciousness of forgiveness, peace with God and sonship in the Divine family. The conviction of salvation becomes as clear as was the conviction of sin, and both are wrought in the same way.

Man knows that he is a lost sinner. He needs some Divine authority to tell him when he is saved. The Holy Spirit alone does the work of saving, and he alone is authorized to tell when that work is done. Such an assurance is necessary in order to inspire filial confidence in God as our Father—to take away the spirit of bondage and give us the spirit of adoption.

This is not the assurance of final salvation, but it is the assurance of salvation now and for ever, as long as we will be true to God, who thus has saved us by his grace. Be sure that it is preceded by a sense of sin, repentance, surrender and faith; that it is accompanied by a conscious change in the soul; and that it is followed by humble obedience to the will of God, and an intense longing for the salvation of all others, even your bitterest enemies. Leave the manner of it to God.

We cannot afford to be in uncertainty on this matter, and we need not be. It cannot be right for us to wait for the day that tries the heart before we learn what is our state, fearing the Judge may say, "Depart."

The subject tonight is, "Our own part in this assurance; or the witness of our own spirit."

A woman laughs more heartily at a story of which she fails to see the point.

"EAST LA CROSSE" BEGINS ACTIVITIES

The coming spring has aroused many new activities on the outskirts of the city. At the east end of the city, East La Crosse they term it, the quarries have started full blast in preparation of the large amount of building that will be done this summer.

The La Crosse Stone company has about 40 men at work besides a large number of teams. The crusher is now in operation and is running in its full capacity. The E. S. Meade Stone company also has a large crew of men and teams at work.

The Sunnyside hotel has been started in the immediate vicinity of the crusher for the accommodation of the quarry men. John Linquise is the new proprietor.

CELLIST SUICIDES.

BOSTON, April 9.—Eric Loeffler, for twenty-six years cellist of the Boston Symphony orchestra and known in musical circles throughout the country, committed suicide here.

STODDARD BAR-BURR BURSTS INTO VERSE

The personnel of the Stoddard hotel has been considerably depressed since election by the defeat of Charles D. Schreiter's candidate for state superintendent of education, Junius T. Hooper.

It is said that Mr. Hooper was eminently fitted for the position having been an old schoolmaster of the genial clerk at the hotel. In commemoration of the gallant fight made for Hooper in La Crosse one of the bar-burrs at the hotel perpetuates the following:

"He thought he had them walloped and that Hooper'd make the coup.
So Charlie whooped for Hooper, you'd ought to've seen him whoop.
He whooped for 'Hoop' by daytime, and dreamt of 'Hoop' by night,
But Cary got the ballots in the superintendent fight.
It was a shame for Cary, to 'lug' so large a vote,
For Charlie figured Hunt and Wood would have him by the throat.
But while he whooped for Hooper, Hooper whooped 'em up
And so it's one on Charlie and all the whooper troupe."

"Y" DIRECTORS TO ARRANGE BANQUET

The Y. M. C. A. board of directors will meet at the hall this afternoon at 4:30 o'clock. The board has been trying to hold a session for the past week, but each time it had to be postponed because of the lack of a quorum. All the directors are now in the city and a meeting is assured for tomorrow. The report of the work of the past year will be read and a committee will be appointed to take charge of the arrangements for the final banquet which is to be held in the old Y. M. C. A. State Secretary F. Anderson and Secretary Abner C. Gran of the new "Y" will be present and will be formally introduced to the members.

JOE SPEARS GETS BOAT LIVERY READY

Joseph Spears' boat livery just below the wagon bridge is being put into shape for the summer boating season, and promises to enjoy its usual large patronage as soon as the weather moderates until the river will be the mecca of pleasure seekers. Mr. Spears is building some new boats and is putting his large

stock of boats into shape for the opening of the season.

MINERS HOPE FOR PEACE.

PHILADELPHIA, April 9.—The leaders of the mine workers, although refusing to go into details in discussing the situation yesterday, seemed sanguine that the conference this afternoon will not only put the three year agreement again in force, but that the union will be in some way recognized.

OUTSIDE JUDGES CANNOT BE CALLED

The May term of circuit court for La Crosse will probably be cut down to only the most important cases, for the reason that under the statute, no substitute can be appointed to take Judge Fruit's position except a regular acting circuit judge. In this way it will be necessary to call in judges from the surrounding circuits, and the work will be divided among them.

Even by the consent of attorneys of both sides in a case, it would be illegal to call in an outsider. An instance of this kind occurred in La Crosse a number of years ago, when in the illness of the circuit judge, a La Crosse attorney, Judge John J. Cole was called to the circuit bench by the attorneys on both sides of a lawsuit. He heard only the one case and it was decided against the defendant. The defendant took the case to the higher court and the judgment of Judge Cole was set aside on the grounds that it was illegal, inasmuch as he was not a regularly qualified circuit judge.

HERMIT RUNS AMUCK KILLING GOSSIPERS

AURORA, Ill., April 9.—John Anderson, a recluse, 51, today shot and killed Mrs. John McVicker, wounded Mrs. John Belford and then committed suicide in the home of the latter woman here.

Armed with two revolvers, a shot gun, and a pair of home made bombs Anderson created terror in the neighborhood of his home as he savagely started out to "clean out" his neighbors whom he accused of gossiping about him. His first victim, Mrs. McVickers, was eating lunch with her husband. Anderson fired one bullet at her and one at her husband. The first bullet killed Mrs. McVickers, the second singed her husband's hair.

Anderson then hurried to the Belford home where he wounded Mrs. Belford by firing through a door. Then he entered the Belford house and ended his life by blowing the top of his head off with a shot gun.

OFFICERS MUST PAY OWN TIPS

MADISON, Wis., April 9.—(Special.)—State officers and employees must join the anti-tipping league unless at their own expense. The state will pay no more tips for servants. Up to recent date the secretary of state has paid expense accounts which included tips. Attorney General Gilbert says: "No statute seems broad enough to authorize the payment of an expense out of a gratuities such as tips. If officers and employees of the state wish a reward for extra attention and service bestowed upon them personally, it is a private expense not necessary to the discharge of their official duty. In my opinion they should not draw a warrant for such items."

CENSURED OLD DOCTOR EXPIRES

BROWNSVILLE, Tenn., April 9.—Censured by the judge of the county court who had turned down his claim for fees in connection with his official duties, Dr. H. B. Hudson, veteran president of the county board of health, sustained a sudden stroke of paralysis, from which he died Wednesday. He was a political benefactor of Gov. Jos. Folk before the latter moved from here to Missouri.

TAFT RECOMMENDS ARIZONA OFFICIALS

WASHINGTON, D. C., April 9.—President Taft has sent the following nominations to the senate: To be governor of Arizona, Richard E. Sloan of Arizona.
To be secretary of state of Arizona, George Young of Arizona.
To be associate justice of supreme court of Territory of Arizona, John H. Campbell.

OLD COUNCIL TO MEET TONIGHT

The meeting of the council this evening will be the last regular meeting which will be held before the last meeting on the morning of April 20th when the city officials will be sworn in for their term of two years. The old council meets for the last time at 10 a. m. in the morning and after the business of that body has been transacted it adjourns until after dinner when the new members take their seats. A caucus of the new council is then held and the city officers such as the city attorney, weighmaster, etc., are chosen by them. The city fathers then go into their first regular session.

The council meeting this evening promises to be one of minor importance as nothing of very great importance is scheduled to come up outside of the canvass of the ballots of the municipal election.

Courting Destruction

Caller (on crutches and with a bandage over one eye)—I have come, sir, to make application for the amount due on my accident insurance policy. I fell down a long flight of stairs the other evening and sustained damages that will disable me for a month to come.

Manager of company—Young man, I have taken the trouble to investigate your case, and I find you are not entitled to anything. It could not be called an accident. You certainly knew the young lady's father was at home.—Stray Stories.

The Sole Obstacle

Irate Parent—Am I to understand there is some idiotic affair between you and that impecunious young ass, Lord Billard's?

Fair Daughter (very sweetly)—Only you, papa.—Illustrated Bits.
